

Listener journey — copy deck

Audience: product, design, content

Scope: Listener-facing only (invitation → listening loop). Admin provisioning is out of scope.

How to edit: Change the strings in this file. The live app still holds its own UI strings — treat this as the review / handoff source until we wire screens to a shared copy module.

PDF: docs/listener-journey-copy.pdf (also downloadable from /listener-journey-copy.pdf). Re-export after edits: `npm run export:copy-pdf`.

Dynamic bits are shown as `{Name}`, `{Partner}`, `{N}`, etc.

01 · Invitation & authentication

Invitation email

Path: /app/listener/email

Element	Copy
Eyebrow	Invitation
Subject / title	You're invited to Sonocea
Meta	From {Partner Sonocea} · Today
Headline (partner)	{Partner} has invited you to experience Sonocea.
Headline (direct)	You're invited to experience Sonocea.
Body	Sonocea uses patented Sonic Augmentation Technology™ to create structured listening experiences designed to support regulation, recovery and wellbeing.
Primary CTA	Get started

About Sonocea (4 slides)

1 · Experience

- Title: Listening, designed differently
- Body: Sonocea uses structured sound to create listening experiences designed around how your nervous system responds to what you hear.
- CTA: Next

2 · Purpose

- Title: Made for the moments that matter
- Body: Choose sessions based on what you need, from feeling calmer and more settled to supporting focus, recovery, rest or preparation for sleep.
- CTA: Next

3 · Science

- Title: Built on science
- Body: Sonocea is grounded in research into how sound and the nervous system interact. Our Sonic Augmentation Technology™ uses structured sound to create listening experiences for specific states and outcomes.
- CTA: Next

4 • Listening

- Title: Nothing to learn. Just listen.
- Body: You don't need to follow instructions or get anything right. Put on your headphones, get comfortable and give the session your attention.
- Checklist:
 - Wear headphones — Use both ears and choose a comfortable volume.
 - Get comfortable — Sit or lie somewhere you can relax.
 - Give yourself the time — Try to listen without interruption until the session ends.
- CTA: I'm ready

Personalise intro

Element	Copy
Phrase	Now let's learn more about you...

Goals

Element	Copy
Title	What would you like Sonocea to help with?
Body	This helps us understand what matters to you and recommend sessions that feel more relevant.
Options	Feeling calmer · Recovering and resetting · Staying focused · Feeling more balanced · Sleeping better · General wellbeing
CTA	Next

Moments

Element	Copy
Title	When might Sonocea be useful to you?
Body	Think about the moments when you might want a little support. This helps us understand when different sessions could be most useful.
Options	When I feel overwhelmed · When I feel unsettled · When I need to reset · When I'm recovering · When I need to focus · When I'm winding down · When I want some time to myself
CTA	Next

Sensory sensitivity

Element	Copy
Title	How sensitive are you to your surroundings?
Body	Everyone responds differently to sound, visuals and their surroundings. This helps us tailor how your sessions look and feel.
Options	Not particularly sensitive · Sometimes sensitive · Quite sensitive · Very sensitive · It varies
Primary	Next
Secondary	Skip

Listening time

Element	Copy
Title	When would listening fit into your day?
Body	Choose the times that feel most natural for you. We'll use this to make your experience and reminders more useful.
Options	Morning · Afternoon · Evening · Before bed · No particular time
CTA	Next

Notifications

Element	Copy
Title	Would you like us to remind you?
Body	We can send gentle reminders around the times you've chosen, so it's easier to make time for your sessions.
Card title	Session reminders
Card body	Helpful prompts around the times that work for you. You can change these anytime in Profile.
Primary	Allow notifications
Secondary	Not now

Appearance

Element	Copy
Title	How would you like Sonocea to feel?
Body	Choose an appearance that feels right for you, or let Sonocea adapt throughout the day.

Element	Copy
Light	Bright and clear throughout the day.
Dark	A softer, darker listening environment.
Adapt	Light during the day. Dark when it gets later. <i>(badge: Recommended)</i>
Adapt micro	It's {daytime evening} where you are, so Sonocea will begin in {Light Dark}.
Footer	You can change this anytime.

Section	Before you begin
Default prep	Use headphones · Get comfortable · Give yourself a few uninterrupted minutes
Primary	Start session / Resume session

Session catalogue

Session	Headline	Description	Before you begin
Session 1	Ease into the start of your day.	For when you're arriving and want a gentle way to settle before things get going.	Use headphones · Get comfortable · Best at the start of your day
Session 2	Find a quieter moment.	For moments when things feel busy and you'd like some space before carrying on.	Use headphones · Find somewhere comfortable · Give yourself a few uninterrupted minutes
Session 3	Find a little more space to focus.	For when you want to settle in before concentrating on what's ahead.	Use headphones · Sit comfortably · Best before focused activity
Session 4	Clear a little space to think.	For mid-morning moments when you'd like to gather yourself before the next thing.	Use headphones · Sit or lie comfortably · Best when you have some quiet time
Session 5	Give yourself a moment to reset.	For when you've finished something demanding and want some time to recover.	Use headphones · Get comfortable · Best between demanding blocks
Session 6	Leave the day behind.	For moments when you want to slow things down and take some time for yourself.	Use headphones · Get comfortable · Best later in the day
Session 7	Settle into a slower pace.	For when you're ready to switch off, recover and prepare for rest.	Use headphones · Get comfortable · Best later in the day
Session 8	Move gently from one thing to the next.	For when you're changing pace and want a clean moment between what's been and what's next.	Use headphones · Find somewhere comfortable · Best at a natural pause
Session 9	Make a little room for yourself.	For when you'd like some quiet space alongside other support in your day.	Use headphones · Sit or lie comfortably · Best when you have some quiet time
Session 10	Close the day gently.	For a short moment before bed when you're ready to settle for the night.	Use headphones · Get comfortable · Best later in the day

Before check-in

Element	Copy
Title	Before you begin, tell us how you're feeling
Body	Choose what feels closest. We'll ask you again after the session so you can notice if anything has changed.

invalid-invitation	Invalid invitation	This invite code isn't recognised. Check with your provider.	Enter new code
expired-invitation	Invitation expired	This invite has expired. Request a new one from your administrator.	Request new invite
access-revoked	Access revoked	Your access has been removed. Contact your organisation for help.	Contact support
server-error	Server error	Something went wrong on our end. Please try again shortly.	Try again
maintenance	Under maintenance	Sonocea is temporarily unavailable while we perform updates.	Check status

Secondary on most error states: **Contact support**

Notes for editors

1. Prefer this document for copy review and mark-up; keep Admin copy separate.
2. {...} placeholders are dynamic — don't hard-code demo names in final copy.
3. Partner programme titles/bodies are organisation CMS fields; defaults above are the seeded examples.
4. No dedicated listener SMS template exists yet — invite SMS reuses channel selection on Admin only.
5. To export a PDF: open /copy in the prototype → browser Print → Save as PDF.
